**Advancing places 1 - 6 (plus ties at these places) to Global Finals**

**IMPORTANT:** All teams competing in the structural/engineering challenge, In It Together, have the option of checking their structure in at the challenge site up to one-hour before their performance time, if they desire, but must check their structure in no later than their assigned check-in time posted on the tournament schedule. For example, if the team performs at 10 AM, they MAY check their structure in as early as 9:00 AM, but MUST check their structure in no later than 9:30 AM. Texas DI highly encourages teams to check their structures in an hour before performance time, but recognizes that some teams may have scheduling needs/requests that may not make this possible. All structure check-ins take place in the All Purpose Facility.
